

LAMINARIA/CORALLINA REVIEW

CLIENT

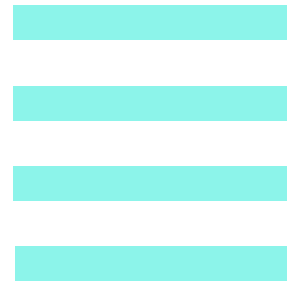

Woodside Offshore Petroleum Pty Ltd

LOCATION

Timor Sea, Western Australia

SEA PERSONNEL PROVIDED

- Review of preliminary environmental design conditions
- Comment on consultancy study scope and approach
- Advice on design philosophy

PROJECT DESCRIPTION

The Laminaria/Corallina development is Woodside's first in the Timor Sea region, situated some 300 n mile WNW of Darwin in 360m of water. The preferred development option is by FPSO.

SEA personnel were asked to perform a review of existing preliminary environmental design criteria, comment on more detailed hindcast studies presently underway and advise on FPSO design cases for winds, waves and currents.
